12,000 Yards of the Famous
"Ringwalt New Process" 32c
Linoleums Regular 50c Grade Per Sq. Yd.

Astonishing Sale prior to removal of this department to the Main Building

The Ringwalt Linoleum Company sold us its accumulations of surplus sample stocks which under their rigid inspection developed slight faults. This really means simply that these excellent floor coverings fell very slightly short of the high standard set up by this famous mill. Nevertheless, we assure you that the defects are trifling. In fact, it would take an exceedingly expert inspection to detect them, and in no way do these little specks affect the wear in the slightest degree. The superior wearing quality of these linoleums is well known. They are made by a special patented process on a base of high-grade wool felt which is treated with special oils. As to the patterns, they are simply beautiful. The color combinations are wonderfully tasteful. Their durability is most marked. At the sale price named, the values are really extraordinary.

PLEASE BRING THE MEASUREMENTS YOU REQUIRE WITH YOU WHEN YOU COME TO OUR ANNEX BUILDING TOMORROW TO SECURE YOUR SHARE OF THIS GREAT BARGAIN.
